

FREQUENTLY ASKED QUESTIONS

- Q My child has attended a private nursery since he was 1 year old. The nursery is out with the local authority area where I live. He will turn 3 in March, will be entitled to a funded place. How do I access funding?
- A Any application for a Cross Boundary Place will not be confirmed unless it has been presented at the Inter-Authority Cross Boundary Admission Meeting. The flow chart on the previous page explains the process.
- Q If there is a ballot for places, when will the ballot take place, and when will I be informed of the decision?
- A If appropriate within the host authority, the ballot will take place in May at the Inter-Authority Cross Boundary Admission Meeting and you will be informed of the decision in June.
- Q If I am successful in applying for a cross boundary Nursery place - when will my child start nursery?
- A A child can start in nursery when a place becomes available or date agreed with nursery however when Cross Boundary funding is granted, funding will start the term after a child's 3rd birthday regardless of your residing authority funding dates.
- Q If I am unsuccessful in my 1st choice Cross Boundary Application can I make a 2nd application for the same authority in a different nursery?
- A NO. Only one Cross Boundary Funding Request will be considered for each child in any given school session . The original application will be retained within your 1st choice of Partner nursery.

Inter- Authority Cross Boundary Funding Leaflet

Purpose of Protocol

The Children and Young People (Scotland) Act 2014 placed a duty on local authorities to increase the entitlement of all eligible 3 – 5 year old children to 600 hours of early learning and childcare. The Act also asked local authorities to provide an appropriate level of flexibility to allow parents / carers some choice when deciding to access services.

A significant number of parents / carers are opting for this level of flexibility and choice to meet childcare and family requirements; in particular they are requesting early learning and childcare funding from a local authority that they are not resident in. For clarity of purpose we will refer to these authorities as **host authorities**.

The duty for providing early learning and childcare lies with the authority where a child lives. These authorities are referred to as **resident authorities**.

While it is clear there is no legislation requirement for local authorities to accept funding requests from non-residents; **Glasgow City Council, East Renfrewshire Council, Renfrewshire Council, Inverclyde Council, East Dunbartonshire Council, West Dunbartonshire Council, South Lanarkshire Council, North Lanarkshire Council, North Ayrshire Council, South Ayrshire Council, East Ayrshire Council and Argyll & Bute Council** have collaborated to produce clear guidelines and protocol that would support the spirit of the Act and provide parents and families with the opportunity to make such a request.

Procedure

Parents / carers can ask a Private and Voluntary Provision working in partnership with any of the named authorities to make a request on their behalf to the host local authority of a child for early learning and childcare funding. The timing of this request should be considered to ensure it complies with existing host local authority timelines for allocating funding to partner providers (details of which can be obtained from individual local authorities).

A Cross Boundary Admission Panel will meet in **May** each year to review funding requests and agree levels of funding for cross boundary purposes. **Levels of funding will be agreed within resident local authority budgets.** To ensure equity and fairness funding requests will be approved according to the published **Inter Authority Cross Boundary Admission Criteria**. Funding will be granted to requests banded 1 – 5, with 1 having the highest priority.

Inter Authority Cross Boundary Admission Criteria

1. Any child in need of protection, Looked After, Kinship Care and ASN (must be supported by either single or multi-agency referral).
2. Children granted deferred entry by local authority (excluding parental choice to defer).
3. Preschool children returning.
4. Preschool and Ante-preschool children (new applicants).
5. Other.

Host local authorities will notify their partner providers of the outcome of their request for funding. Thereafter, providers or local authorities (depending on resident authorities existing protocols) will notify parents of the decision. If requests received exceed the level of funding available, a ballot may be necessary to determine who is successful. Private and Voluntary Providers will be supported by host local authorities to carry out the ballots. **Cross boundary funding is granted for two years, returning children remaining with a partnership provider would not be required to make a further request for funding.**

Parents will be notified of the funding outcome by June each year. If their funding request is not successful, parents should contact their resident authority regarding
